

Camtasia 2019

Course #: TSC-101 **Duration:** 1 day

Prerequisites

None.

Details

In this Camtasia 2019 training course, you will learn to create screen recordings and videos that can be shared and accessed by learners using desktop computers, laptops, tablets, and other mobile devices. Your content can be hosted on a web server, Learning Management System, YouTube, Vimeo, TechSmith's Screencast.com, and more. You will learn how to include recordings of existing PowerPoint presentations or software demonstrations created directly on your computer using the Camtasia Recorder, and you will add animations, voiceover audio, graphics, music, annotations, closed captions, and quizzes to a project.

Software Needed

- TechSmith Camtasia 2019 or higher
